A WEEK-LONG CELEBRATION . . .

Minnetonka Celebration of the Arts! May 14-20, 2011

For one week in May the halls of the Arts Center on 7 will come alive with the sights and sounds of the visual and performing arts as scores of young creative students share their talents with each other and with our community.

As an extension of the classroom and fine arts curriculum, this week will enrich not only the student of the arts but our entire community as well, and will celebrate the value of the arts in the Minnetonka School District. Everyone is invited to enjoy this week as the arts come alive within you!
